

# Live Drawing

for Weddings, Special Events, and Celebrations

“

WHYY was thrilled to have April during our *Victoria* Preview Screening! The live drawings April created were *one-of-a-kind, on the spot and perfectly matched the theme* of the event. I would love to work with her again in the future!

“

I can't say enough about April and her talent. She effortlessly added *a unique and whimsical touch* to my event. My clients were delighted to take home a piece of her gorgeous artwork and *I cannot wait to have her back!*

# Why Live Drawing?

Whether your event is indoor or out, black tie or baseball cap, live drawing can add fun and excitement to your guests' experience. I can tailor my service to your event's special needs and create a unique takeaway that will be enjoyed long after the day has ended.

## *Live Drawing is Entertaining*

Even if they decide to pass on having their likeness captured, your guests will enjoy watching the illustrations take shape...and the conversations begin.

## *Live Drawing is Personal*

Traditional favors often get thrown away. Custom illustrations are truly personal and hold value beyond paint and paper. Your guests will treasure their drawings for years to come.

## *Live Drawing is for Everyone*

Anyone who can stand or sit with me for about 7-10 minutes will walk away with a one-of-a-kind illustration. Your guests can be shy or outgoing, young or old, couples, families, or singles...live drawing is one size fits all!

*Live Drawing is a wonderful addition to...*
